Reference: Law Week CD Objectives Study Guide

Dear Agency Head and/or Training Supervisors,

As you are aware the POST Academy has implemented the Law Week CD's with the current academy which I am happy to report is going well.

The transition from the traditional lecture method to the CD's is being continually evaluated every step of the way to ensure that the students receive and retain the information.

It has been determined by the POST Training Staff that the students could enhance their retention abilities by working with a study guide in the form of an "objective work sheet" while progressing through the CD's and that the completed study guide will then be used by the students as a study aid while at the Academy.

Beginning with Idaho POST Patrol Academy #153 (January 8, 2007 - March 16, 2007) and subsequent academies, *all* students will be required to complete the **Law Week objectives** provided for the following CD's:

- Unit 3.1- United States Constitution
- Unit 3.2- Idaho Liquor Law
- Unit 3.3- Court Procedures and Rules of Evidence
- Unit 3.4- Idaho Criminal Code
- Unit 3.5- Laws of Arrest
- Unit 3.6- Search and Seizure
- Unit 3.7- Fish and Game Laws
- Unit 3.8- Idaho Brand Law
- Unit 3.9- Use of Force
- Unit 8.2- Vehicle Code-Traffic Law

Students should print off the unit objectives from the POST Web-page ([www.idaho-post.org](http://www.idaho-post.org)) and take notes on each objective while completing the CD's.

Notes do not need to be word-for-word from the lesson, but should discuss the information provided briefly. The completed objectives will be collected the first-day of the academy, checked for completion, and given back to students to use while at POST.

All Patrol Academy students will be required to complete these objectives, and it is highly recommended (but not required) that *challenge* students make use of them also.

If extra space is needed for responses, students can write on the back of the questions sheets or attach as many blank pages as necessary. After completing each CD, if there are questions for which a student cannot find an answer, this should be noted on the questions sheet for clarification during POST instruction.

Having students complete the provided objectives serves two purposes. First, this activity will help students focus on the most important information provided in each lesson, Secondly, the completed objectives will serve as a valuable study guide for the Law Week exam and future reference after graduation.

The Law Week exam will only contain questions created from information in the objectives provided, unless otherwise indicated by POST instructors because of program updates.

Should you have any questions, concerns, or suggestion I would be happy to discuss them with you personally. Please feel free to call me, or members of the POST Academy Training Staff.

Your continued support is very much appreciated - Thank you,

A handwritten signature in black ink, appearing to read "John C. Parmann". The signature is fluid and cursive, with a large initial "J" and "P".
